MEMORANDUM FOR THE RECORD

SUBJECT: SSCI Staffer Request for Terrorism Briefing.

Robin Cleveland last week had informed me that she wished to have an update TERRORISM briefing by [] this week preliminary to interaction with SGAC/PSI staffer Sopko on the subject. (See earlier/Sopko's request this topic, being brokered by the SSCI.) I called on her today in the SSCI spaces and inquired if she was prepared to set a date for the briefing. She demurred saying this was too busy a week but perhaps next week. I left the ball in her court: she is to contact OLL when she has settled on a convenient date for the briefing. This piece of business will have to be handled in my absence by [] next week.
